- Kannada (Intermediate)

ABOUT ME

I'm Nitesh Venkatesan, currently pursuing B.Sc. in Computer Science. Passionate about AI, Machine Learning, and Automation, I aim to design user-centric tech solutions. As an active member of Google Developer Groups, I embrace the latest technological trends and collaborative learning. Beyond tech, I'm an automobile enthusiast and love exploring new destinations. Let's connect to share insights on tech innovations, AI advancements, and travel adventures.

WORK EXPERIENCE

Amazon Web Services (AWS)   06/2024 - PRESENT
Student

- Engaged in hands-on learning and application of reinforcement learning through AWS DeepRacer.
- Developed, trained, and optimized autonomous racing models.
- Participated in virtual and live racing events, honing practical AI and ML skills.

Govt Of TamilNadu   10/2023 - Present
Project Intern

- Assisted in developing and implementing educational programs aimed at enhancing learning outcomes for students.
- Conducted data analysis to assess program effectiveness and identify areas for improvement.
- Collaborated with educators and stakeholders to ensure alignment with educational goals and community needs.

Google Developers Group   05/2023 - Present
Student

- Develop and maintain strong relationships with Developers, Cloud Engineers , and Experts to gain knowledge on Google Cloud.
- Conducted data analysis to assess program effectiveness and identify areas for improvement.
